

1. Quality “Built to last”

We guarantee to craft your home using highly skilled tradesmen. We are Licensed Building Practitioners and partner with BCITO to train our apprentices. Our team go through each build during our weekly stage meetings and use our 318-point Cornerstone Homes quality checklist to ensure uncompromised quality.

2. Tribe mind set

Like they say, “It takes a village to raise a child” Our team at Cornerstone Homes guarantee to nurture and steward your dream home to completion.

3. Communication

Your thoughts and ideas are what birthed your dream so we guarantee clear communication throughout the build between you and our team. This includes a weekly site visit, detailed end of week updates, photos and phone calls so you are always in the know of what and when each stage is taking place.

4. Budget

We guarantee to build your dream into a reality on a set budget. Using our fixed price contract ensures there are no nasty surprises and that you will be able to live your dream

5. Timeline

We use project management systems to make sure the team and sub trades know the schedules. We also host weekly toolbox meetings so that as a team we are on the same page and meet deadlines that we monitor and control throughout the build. Any variations you choose along the way will be priced and sent for your approval before any work begins
